TWA Dispute Settled with Union of Flight Engineers

X15 Shoots 50 Miles From Earth

World Record For Altitude In Airplane

EDWARDS AFB, (UPI)—Air Force Maj. Bob White, 37, who has flown winged aircraft faster than any man, became the highest flying airplane pilot today by taking the X15 to a world record altitude of nearly 50 miles.

The X15's powerful 57,000-pound thrust engine shot White up to approximately 250,000 feet, 47.3 miles, only 165 seconds after being launched by a mother ship in flight.

His flight to the edge of space at five times the speed of sound surpassed the previous altitude mark of 46.7 miles set by test pilot Joe Walker in the X15 less than two months ago.

The veteran of 15 flights in the rocket ship glided to a safe landing following a 10-minute flight in which he flew at about 3,682 miles per hour—more than a mile a second.

Two other milestones marked today's flight:—The X15 attained its designed flight objectives, to reach an altitude of 250,000 feet and a speed of 4,000 m.p.h.

Its automatic control system operated successfully in the first of two demonstration flights at 250,000 feet.

The automatic control system senses atmospheric conditions surrounding the X15 in flight, determines what movement is necessary and makes the proper adjustment to help the pilot steer the ship.

India Places Outposts Behind Communist Lines

NEW DELHI (UPI)—India has established four or five outposts behind the Communist Chinese lines in the disputed border areas of northern Ladakh, informed sources said today.

Prime Minister Jawaharlal Nehru told Parliament Wednesday that the Chinese had gone on the offensive in the area and "our movements are going behind the lines."

The sources said Nehru approved forward probes by Indian border units shortly after the Indian conquest of Goa last winter. They said the Indian outposts have been established to the east of the Chinese line of forward movement, which cuts through Ladakh in a northeasterly direction.

Since taking office, President Kennedy has not expressed any stand on defense of Quemoy and Matsu—one of the hottest issues in his 1960 campaign against Richard M. Nixon.

In the campaign, Kennedy described the islands as indefensible.

ON HIS WAY to McNeil Island Federal Prison to begin serving a five-year term, Dave Beck, wealthy former Teamsters Union president, at left, follows a U.S.

marshal out of the marshal's office in Tacoma, Wash. Beck was tried and found guilty of income tax violation charges three years ago. (UPI Telephoto)

Goldberg Gets Settlement on Strike Threat

WASHINGTON (UPI)—The Flight Engineers Union today settled its jet crew dispute with Trans World Airlines and called off a threatened strike while the agreement is submitted for union ratification.

Labor Secretary Arthur J. Goldberg announced the settlement of the 20-month-old dispute following an all-night negotiating session in his office.

Union spokesmen said they were pleased with the agreement and would recommend its adoption by the 615 TWA flight engineers.

Goldberg said he was confident the pact would be approved and thus cancel the strike. He said it assured an orderly reduction of jet crews from four to three men on TWA.

The cabinet officer told a news conference the agreement should be helpful in solving similar disputes between the engineers and Pan American and Eastern Airlines.

"In the opinion of the administration," he said, "this settlement is clearly in the national interest and avoids the disruption that would have taken place if a strike occurred."

Job Rights Protected

Goldberg said the settlement protects the job rights of engineers and the airline pilots involved in the dispute without impairing safety or efficiency of the airline.

The agreement generally provides that engineers now flying for TWA or about 67 of them on furlough will receive the first crack at the third seat in jet cockpits.

It also provides some pilot training for the engineers and liberal severance pay if they do not meet the higher qualifications that are spelled out in the agreement.

Under the pact, both sides will negotiate for another week with the aid of Mediator Nathan P. Feinsinger to try and solve economic issues, including wages.

The labor secretary said payroll savings resulting from a reduction in crews on some jets will more than offset any increased costs stemming from economic settlements still to be worked out by TWA and the flight engineers.

President Kennedy's prestige was at stake in the dispute since he had said there would be no excuse for a walkout over the jet issue.

Informed of the settlement, Kennedy said "It is of great significance that this question was resolved without a strike." He said the issues were "resolved humanely in terms of the people involved and sensibly in terms of the industry involved."

Ford Co. Strike Gets U.S. Help

CLEVELAND, Ohio (UPI)—The government today moved into the Ford Motor Co. strike which has stopped the production of Ford cars and idled about 75,000 persons.

The company and the United Auto Workers announced they would accept the assistance of the Federal Mediation and Conciliation Service in an effort to end the crippling strike over production standards.

M.M. Cummings, Ford director of labor relations administration, said James MacPherson, regional director of the federal agency here, offered his services at mid-morning.

A UAW spokesman said late Wednesday night the federal agency had offered its assistance and the union was not opposed to the idea.

The chief issue in the 15-day strike centers around what is a fair hourly production quota on Comet quarter panels. The panels are the part of the body over the rear wheels. About 25 persons are involved in this dispute, one of three which led to the walkout at the suburban Walton Hills stamping plant June 6. There now are 13 issues in dispute.

The company said it felt 300 panels an hour was fair standard, based upon its time studies. Jerry Wilse, president of UAW Local 429 at the plant, said 237 panels an hour was a fair standard.

Cummings said the quarter panel stamping plant was moved here from Chicago last November. At Chicago he said, the standard was 325 panels an hour and the employees averaged 301.

Wilse disputed this, saying UAW officials in Chicago told him the Chicago plant average was 250 panels an hour.

NEWS in BRIEF

EL PASO, Tex. (UPI)—A grand jury continued its investigation of Billie So Estes today despite an attempt by the agricultural king to get a federal district judge to stop proceedings. Estes showed up uninvited Wednesday to head off further investigation by the same federal grand jury which already has indicted him on 57 counts of fraud.

SAN DIEGO (UPI)—Attempting to sell a National City, Calif., woman a gold brick netted a former Laredo, Tex., prospector, Jack Angle Sr. 49, a six month stay in the San Diego County Jail Wednesday.

Angle pleaded guilty to a charge of transporting stolen property into the state. He allegedly persuaded Mrs. Jane V. Scarpitti to entrust him with money to buy a gold brick from Mexican Indians and return it to the United States for resale at a profit.

LOS ANGELES (UPI)—International Association of Machinists officials reported Wednesday night some 70,000 employees of three aircraft firms, including workers at Cape Canaveral and Vandenberg Air Force Base, have voted almost unanimously to authorize a strike.

The IAM said the outcome of votes cast at General Dynamics—which includes Convair Aircraft and Convair Astronautics—Douglas Aircraft and Aerojet General indicated workers may strike if negotiations fail.

Springs Business Hits New Record

Business in Palm Springs hit a record high during the first three months of the year.

That's the word officially from Shelby V. Langford, director of finance, who today reported sales tax collections for the first quarter covered more than \$17 million.

"The state controller has reported a sales tax collection for January, February and March, 1962, in the amount of \$170,578.78 for the city of Palm Springs," Langford reported.

"This collection, compared with

the collection for the same quarter of 1961, in the amount of \$161,110.53, shows an increase of \$9,468.25, or 5.9 per cent," Langford said, and he added that:

"This is a new record for sales tax collection for Palm Springs." Langford said he did not know any way to estimate the amount of gross increase which might be reflected in the sales tax (one per cent of taxable sales). "There is no reliable figure for comparison," Langford said.

"But we do know that business in Palm Springs is way ahead. At a meeting of municipal finance officers most of them were complaining that sales tax income was falling off."

BERLIN (UPI)—Secretary of State Dean Rusk promised here today the United States will honor its pledge to defend West Berlin but said he would continue to try to negotiate a settlement of the Berlin dispute with Russia.

Rusk made the statement during a 2½ hour visit to West Berlin, during which he inspected the Communists' antirefugee wall and predicted the barrier "will be broken eventually."

"I should like to think that both peace and our vital interest can be sustained," the secretary of state said in a speech at West Berlin City Hall.

"In a nuclear age this would mark a victory for reason. Bearing this in mind I continue ready to explore further with the Soviet Union whether a basis for negotiations exists."

"To do less would be a dereliction of my duty to the American people and to the people of West Berlin," Rusk added.

Rusk, making his first visit to Berlin since he took office, said it was not unrealistic to be hopeful because "The Free World has resources which become increasingly evident in a time of trial."

Chief Kettmann asks parents to watch their teenagers for signs of using such materials "just for kicks." "Always a little sleepy and tired" is one side effect of glue. "The main thing," Chief Kettmann said, "is that this habit starts with glue, and goes on to bigger and stronger things, from marijuana to opium, when the glue will no longer give the desired effect."

WEATHER

Desert Area Forecast: Sunny today and Friday. Continued hot with high temperatures today near 110.

Thursday's high in Palm Springs was 108, with a low of 68.

White House Concerned Over Chinese Build-Up

WASHINGTON (UPI)—The White House said today the United States is "watching with concern" a large-scale Chinese Communist build-up of air and ground forces on the coast opposite Quemoy and Matsu.

Press Secretary Pierre Salinger

Ex-Manager Paid AGVA For Job

WASHINGTON (UPI)—A former branch manager for the American Guild of Variety Artists told Senate investigators today that he paid his boss \$2,000 to get a \$150-a-week job in Florida.

Clayton "Smiley" Hart, former AGVA branch manager in Tampa, Fla., and one-time national troubleshooter for the entertainers union, said the money was paid to Jackie Bright, administrative secretary of AGVA.

Hart appeared before the Senate subcommittee on June 14 after he was asked at a meeting of the national board of AGVA whether he had ever given any money to Bright.

"I would have been fired if I admitted it," Hart said, "and I would have been fired if I denied it."

AIMED AT TEENAGERS

Harmful Substance Law Sought

A law allowing crackdowns on teenagers sniffing airplane glue and drinking "breath refreshers" will be sought from the city council at its next meeting. Police Chief August Kettmann said today.

"Glue sniffing can become a local problem," said the chief, who will ask for a city ordinance to prohibit the inhaling or drinking of certain substances, when it is not prescribed by a doctor.

Chief Kettmann will present the proposed ordinance to the city

manager on Friday, and ask that it be put on the agenda for an early hearing from the city council.

Azusa has passed such an ordinance, as the fad of sniffing has carried into drinking of substances that may cause great bodily harm.

The newest fad in Palm Springs for junior and high school students is the drinking of a breath refresher, sold at most of the larger stores in the area. The bottles are quite small, seven-eighths of a dram, which can be concealed

on the person, carried and consumed on the school grounds—which is being done, according to Kettmann.

Contents of the "refresher" measure 60 per cent alcohol, and 15 per cent propylene glycol. The glycol is thought to be a relative of propylene glycol, used chiefly as a solvent and preservative for antifreeze and hydraulic brake fluid.

Palm Springs Police are having a lab report made on the possible side effects of a large dosage of this drug.

The airplane glue is known to be dangerous, and is close to the point of being proved habit forming, the chief said.

Chief Kettmann asks parents to watch their teenagers for signs of using such materials "just for kicks." "Always a little sleepy and tired" is one side effect of glue.

"The main thing," Chief Kettmann said, "is that this habit starts with glue, and goes on to bigger and stronger things, from marijuana to opium, when the glue will no longer give the desired effect."

W. Germans Ordered to Continue Border Fire

BERLIN (UPI)—West German police today were under orders to return Communist fire from across the Berlin wall and to continue to give refugees fleeing to the West covering fire if necessary.

This policy was spelled out by West Berlin Mayor Willy Brandt who told a Social Democratic meeting Wednesday night:

"We cannot tell our police officials: 'If someone shoots at you stay calm or wave with a handkerchief.'"

"One can still say that murder is murder," he said. "Our conscience doesn't permit that even children can be killed at the wall."

Brandt said Communist shooting at refugees violates the Hague conventions of war and German law.

The East German Communists charged Wednesday night that recent incidents along the East-West Berlin city border have now reached the stage of "aggressive acts."

Future of New Guinea Talk Asked

WASHINGTON (UPI) — Diplomatic officials said today the United States had proposed that Indonesia and The Netherlands resume negotiations here next Tuesday on the future of West New Guinea.

They said the way appeared to have been cleared for talks on the long-standing and bitter dispute by United Nations Acting Secretary General U Thant's message to Indonesian President Sukarno that the Dutch accepted without qualification the Baker plan for settlement.

This plan, formulated by retired U.S. diplomat Ellsworth Bunker, provides for transfer of sovereignty over the territory from The Netherlands to Indonesia over a two-year period. Dutch officials there would be replaced by U.N. administrators who, in turn, would be succeeded by Indonesians.

The Dutch announced last Sunday they accepted the plan "in principle." But Sukarno asked Thant Wednesday for specific new assurances that The Netherlands agreed to a provision calling for a self-determination plebiscite of the native Papuans only after Indonesia gained control.

Thant replied Wednesday night that The Netherlands accepted the entire plan "without qualification."

Bunker, who presided as mediator at meetings here last March between Dutch and Indonesians, again will serve in that capacity. The secret talks again will be held at a country estate a few miles from Washington.

West New Guinea has been in dispute between the two countries since 1949, when the Indonesians won their independence. The status of primitive West New Guinea was not settled at the time, but was to have been determined by negotiations within a year.

The Netherlands and Indonesia failed to reach agreement and the case has been before the United Nations a number of times.

Books Colorful

NEW YORK (UPI) — Books, even religious ones, are getting more colorful according to J. F. Tapley Co., New York book manufacturers. The firm says more and more firms are finding that giving books individuality and color produces a favorable effect on sales.

Sales Costs

NEW YORK (UPI) — It costs American companies an average of \$30.35 every time one of their industrial salesmen calls on a prospect, a survey published by McGraw-Hill Publishing Co. showed. This is three times as high as in 1945.

Former School Principal Now Manager of P.S. TV

Dr. Charles Webster, former principal of Palm Springs High school has been named the new general manager of Palm Springs Television Corporation, replacing John S. Muir Jr., who has been promoted to the main office in Beverly Hills.

The 48-year-old ex-principal went into the position of heading the local TV cable system when Muir was transferred to the Beverly Hills office of H & B Communications, the operating company of P.S. T.V.

Muir will be in charge of a new branch of the company which will take care of the coordination and expansion of antenna TV cable systems in new cities.

C.V. Abatement District Tax Rate Slashed

Dr. C. S. Johnson, president of the board of trustees of the Coachella Valley Mosquito Abatement District, announced today the district tax rate for the coming year will be reduced 20 per cent, from 20 cents to 16 cents per hundred valuation.

This reduction is due to the increased valuation and a large amount of source reduction in mosquito breeding sources, made possible by the excellent cooperation received from the Coachella Valley Water District, Riverside County Health Department, Road Department and from land and home-owners and farmers of the Valley, he said.

A Kennedy Fell in Pool

WASHINGTON (UPI) — Mrs. Robert F. Kennedy, wife of the attorney general, fell into the family pool during an outdoor dinner dance Saturday night, it was learned Wednesday.

So did a couple of guests. Special Presidential Assistant Arthur Schlesinger and Mrs. Spencer Davis, a close friend of Mrs. Kennedy.

A source close to the family said Mrs. Kennedy, in full evening attire, plunged into the water after a leg of her chair slipped off a plank placed across the pool's edges. The same thing happened later to Schlesinger and Mrs. Davis. All three changed clothes and returned to the party.

But another guest, astronaut John Glenn, managed to keep his chair upright although its legs were but three inches from the edge of the plank.

The seating arrangement was necessary because with 300 guests, there barely was room in the yard of the McLean, Va., estate to situate all the tables and chairs.

"Actually, it was a very quiet party," the source said.

Let's Dance

HOLLYWOOD (UPI) — Several new dances are introduced in Sam Katzman's "Don't Knock the Twist." They include The Continental, Hully Gully, The Fly, Mashed Potatoes and The Bristol Stomp.

Stock Market Is Like Will Rogers' Weather

NEW YORK (UPI)—Wall Street today is a place where the opinions on what's wrong with the stock market are as varied as the statistics being gleaned from dusty record books.

Everyone seemed to have the answers but no one, apparently, was doing anything about it.

Prices on the New York Stock Exchange continued to fall in quiet trading Wednesday with a relatively small volume of 3,360,000 shares. Stocks closed at levels close to the 1962 lows reached seven days ago and 76 issues registered new lows for the year.

One of these was U.S. Steel, off \$2.25 to \$45.25. The loss apparently was triggered by reports the company might be forced to reduce its 75-cent quarterly dividend at its July directors meeting.

The Dow-Jones average of 30 industrial stocks closed at 563.08, off 8.53 points and just above its 1962 low of 563.00.

The exchange reported Wednesday the increase in the short interest position rose to 4,610,961 shares from 3,266,873 on May 15. The increase for the month was the biggest since the exchange started compiling short interest records in 1931.

Short interest occurs when a trader sells borrowed stock in hopes of buying it back later at a lower price and making a profit.

There were different opinions on the state of the economy coming from Washington, as well as Wall Street.

Sheri Good to Seek Farmer's Daughter Title

HEMET—Sheri Good, 17, daughter of Mrs. Thelma Good of 689 El Cielo Road in Palm Springs, will be among 20 contestants seeking to become a Farmer's Daughter Finalist.

Sheri already holds two titles, Miss Palm Springs and Miss Los Angeles Angel. She was also a Queen Scheherazade princess last spring.

Bud Nelson, manager of the Farmer's Fair at Hemet, which sponsors the annual competition, said contestants will be judged for beauty, poise, personality and stage presence. Girls will be judged first in street clothes, then shorts.

Mutes' Dispute

LOS ANGELES (UPI)—An elderly deaf-mutt couple have dropped a dispute over a property settlement agreed upon in their February divorce action and decided to give their marriage another try.

Bernard Siegel, 80, and his ex-wife, Olive, 65, testified in sign language before Judge Roger Alton Pfaff that they were going to try a reconciliation. The couple married in 1952.

Heart Attack Killed Cook

James Richard Cook, 37, operator of Roma Imports in Palm Springs, apparently died Sunday night or early Monday, of a heart ailment, according to an autopsy report filed today with the sheriff's office.

Meanwhile, officials at Desert Hospital reported that Cook's father, Rome, who suffered a heart attack upon being informed of his son's death, was "in satisfactory condition."

The younger Cook was found dead in his home at 33-623 Date Palm Road, east of Palm Springs, after friends called sheriff's deputies.

It was announced that services will be conducted from St. Raphael's Catholic Church in Los Angeles on Saturday through arrangements made with McGlynn's mortuary by Wiefel and Son's.

Benefit Fish Dinner Dated Sunday for City of Hope

A benefit fish dinner will be given at 6:30 o'clock Sunday evening by the Palm Springs Chapter of the City of Hope.

Members and guests will gather around the pool at the 1309 S. Camino Real home of Mr. and Mrs. Ben Bronstein, who are hosting the affair with the David Spec-

tors and Mr. and Mrs. Sam Siegel as co-hosts.

Swimming, card playing, and dancing have been calendared to follow the dinner.

Tickets for the benefit, which is open to the public, may be reserved by calling Mrs. Bronstein at 325-6211. All proceeds will go to the City of Hope.

Toastmistress Club Council Slates Meet

A new slate of officers for Council No. 8, Southwest Region, of International Toastmistress Clubs will be installed at a meeting to be held at 10 o'clock Saturday morning at Harold's Broiler in Fontana.

Taking over her duties as chairman will be Mrs. Pauline Wade of the Las Vegas Club, who succeeds Mrs. Deleta Munn, a member of Indian Wells Valley Club of China Lake.

Serving with Mrs. Wade for the coming year will be Mrs. Ruth Kesel, Pomona Valley Club, first vice chairman; Mrs. Hazel Robb, Arlington Club, second vice chairman; Mrs. Ethel Meares, Arrowhead Club, recording secretary; and Mrs. Lois Clapp, Norton Club, treasurer.

The installing officer will be Mrs. Pauline Myer, assistant supervisor of the Southwest Region.

Work Planned
At the same meeting, a demonstration of microphone techniques will be presented by Mrs. Kesel, educational chairman, and a workshop on program planning will be staged by Mrs. Gladys Ingersoll of the Arlington Club, service bureau chairman.

Reservations for Saturday's meeting should be made with Miss Faye Hamilton, hospitality chairman, of 380 W. 29th St. in San Bernardino.

Two new clubs have been added to the council, according to Mrs. Munn. Receiving charters in June were the Elytes at Ely, Nevada, and Edwards at Edwards Air Force Base in California. Earlier in the year, Habladoras Toastmistress Club of Antelope Valley was chartered. Council No. 8 now has two dozen clubs, Mrs. Munn says, one as far away as Agana in Guam.

Juice Fizz

Mock champagne punch combines apple juice and gingerale. Mix 1 quart each of chilled apple juice and chilled gingerale. Pour into champagne glasses. Garnish each with a maraschino cherry and a twist of lemon peel. Makes 16 half-cup servings.

TO WED JULY 29
Veronica Marianne Glaser

Miss Glaser Sets Date

Miss Veronica Marianne Glaser, daughter of Ernest Glaser of Palm Springs and the late Mrs. Glaser, has set July 29 as the date of her wedding to Donald Van Dusen of Long Beach.

The double-ring ceremony will take place in Long Beach, and will be solemnized by Cmdr. George Wright, chaplain at the United States Naval Station in San Diego. The young pair will make their home in the Coastside city after a honeymoon that will take them to San Francisco and Lake Tahoe.

The bride-elect, a 1960 graduate of Palm Springs High School, recently returned from an extended stay in Europe, where she attended finishing schools in the Bavarian and Swiss Alps.

A desert resident for the past six years, Miss Glaser has one sister, Sandy. Her father has been general manager and maitre d'hotel of some of Palm Springs' better-known restaurants, and he is now in charge of the Normandy House in India.

The prospective benedict is a technician in the missile division of North American Aviation Company.

Clean ceiling with parallel strokes to insure an even, unspotted surface.

Singer Ginny Simms To Wed Don Eastvold Here Friday

Singer Ginny Simms and Don Eastvold, former attorney general for the State of Washington, will exchange marriage vows tomorrow at a ceremony to be held in Miss Simms' Thunderbird Heights home.

The rites will be solemnized by Judge Merrill Brown, a long-time friend of the singer, before a gathering confined to members of the pair's immediate families. Among those witnessing the nuptials will be the bride's parents, Mr. and Mrs. Dormer D. Simms of Yucca Valley, and the parents of the benedict, Dr. and Mrs. Seth C. Eastvold of Tacoma, Washington.

Performing best man duties will be Miss Simms' friend from the days when she sang with Kay Kyser's band, the comedian Ish Cabibbe, whose name in private life is Merwyn Bogut. His wife, Janet, will be the matron of honor.

Reception at North Shore

After the ceremony, there will be a 7 o'clock wedding reception at the North Shore Beach Yacht Club on the Salton Sea, and then the justwed pair will leave for a honeymoon journey to Minnesota, Acapulco, and Europe. When they sail from New York for Europe aboard the SS France on July 18, they will be accompanied by 12-year-old Conrad von Dehn, Miss Simms' son by a previous marriage, and the five children of the benedict — the 11-year-old twins, Shawn and Sharon, Donald Jr., who is 9, Carl, 12, and Diane, 14.

The betrothed pair, who are business partners, are flying in to Palm Springs from Motley, Minnesota, near where they have just launched a lakeshore community development to be called the Ginny Simms Lakes Estates.

Three-Year Romance

Their marriage culminates a three-year romance begun when they met during a cruise on Puget Sound while Miss Simms was in the Northwest for a night club engagement.

The bride-elect was born Virginia Ellen Simms in San Antonio, Texas, where she prepped for her future career by singing in church choirs. Her choir work was later expanded to include several Texas Panhandle towns where her father owned and operated motion picture theatres.

Kay Kyser, who named her Ginny and was to become a strong influence in her life, first saw her perform in a trio representing Fresno State College. He later signed her as band vocalist during his engagement at the Black Hawk in Chicago, and from this springboard she vaulted to national fame on Kyser's radio show, "The Lucky Strike Hour." Added popularity came through her hit records and such motion picture appearances as "Night and Day" with Cary Grant.

Her fiancé, who is a development associate of the oilman, Ray Ryan, lost a close race for gov-

ernor of the State of Washington after serving four years as its attorney general. A native of Jackson, Minnesota, he attended St. Olaf College in Northfield and received his law degree at the University of Minnesota.

JUNE WEDDING BELLS will ring for Singer Ginny Simms when she marries Don Eastvold, former Washington State attorney general, tomorrow in her luxurious Thunderbird Heights home. The ceremony will be followed by a honeymoon in Europe.

derbird Heights home. The ceremony will be followed by a honeymoon in Europe.

His father, internationally celebrated as one of the world's foremost leaders of the Lutheran Church, is retiring in July as president of the Pacific Lutheran College in Tacoma after serving 19 years in the post.

GUESTS ARE SHOCKED to find that you are so VERY clever and knowledgeable about the way you arrange for YOUNG's Catering Service to handle your parties. Call Merrell FI 6-6887, Vance DI 7-3280.

High School Dance Friday

Young highschoolers will gather for a dance tomorrow night from 8 to 11:30 p.m. at the Palm Springs Youth Center.

Music for the dancing will be provided by "The Baymen," a group from the Torrance area. All high school students have

been invited by W. R. Callendar, director of the center, to attend the party. Dress will be casual with Bermudas permitted, but, according to the director, muu-muus and short shorts will not be allowed. There will be nominal admission charge.

Goldberg Takes Issue With Recession Talk

WASHINGTON (UPI) — Labor Secretary Arthur J. Goldberg took sharp issue today with his statistical chief who predicted Tuesday that the nation appeared headed for a recession next year. Commissioner of Labor Statistics Ewan Clague said in an address at Atlantic City, N. J., that "the only question" about a recession was "exactly when it is coming."

Quarried by newsmen about Clague's statement, Goldberg said he took the opposite view. "I do not believe a recession will take place in 1963," Goldberg said. He said Clague's statement "does not agree with the economic facts."

The secretary has insisted that the economy is in good shape and has predicted continued improvement, although noting that he felt the economy should be doing better.

Marines to Play At World Fair

TWENTYNINE PALMS — Members of the Marine Corps Band will participate in the World Fair in Seattle, Wash. The band will take part in the city's annual Independence Day parade which is sponsored by the American Legion. Following the parade, the band will make its scheduled appearance on the fair grounds.

Clague told the Interstate Conference on Labor Statistics in Atlantic City that a recession had appeared in the making even before the stock market began its decline. He said it was too early to say whether the market slump would speed up a recession. Clague said the prediction of a 1963 recession was based on charts of the post-war economy which showed declines every two or three years. He said the peaks and valleys in the charts of the economy had become more gradual in recent years, however.

There are a lot of good ways to become a failure, but never taking a chance is the most successful.

TELEVISION TONIGHT		
TOP SHOW TONIGHT—"Dr. Kildare" over NBC TV at 8:30 p.m. is assigned by Dr. Gillespie to the case of an intern (Ross Martin) who suffered a paralytic that dashes his career hopes and repulses his fiancée (Ellen McRae). The highly acclaimed dramatized reading of "John Brown's Body," starring Richard Boone and Douglas Campbell, will be rebroadcast over NBC-TV at 8:30 p.m. Two good shows to pick from.

Angels in Rhubarb, But Win, 5-1

'BO' BELINSKY, who stunned the sporting world with a nifty no-hitter early in the season and recently has shocked L.A. Angels officials and Southern Californians with his extra-curricular activities during the pre-dawn hours, will 'twist' and hurl tonight on the mound against the K. C. Athletics seeking his seventh victory. (Desert Sun Photo)

SO-LONG CARDINALS

Dodgers Lose, 5 to 4

LOS ANGELES (UPI) — Although the Los Angeles Dodgers won two out of their three games, they were glad to see the St. Louis Cardinals leave town today after the hardest-fought series of the season.

All three games were decided by one run and Wednesday night's contest lasted 11 innings before the Cardinals scored a 5-4 victory.

For the Cardinals the win snapped a four-game losing streak. And the Dodgers' lead over the San Francisco Giants was cut to 2½ games by the loss.

For a few hours they held a three-game lead after the Giants dropped an afternoon contest to Houston.

Wednesday night's game - winning run came on first baseman Bill White's single scoring Ken Boyer from second to end one of the most evenly matched contests of the season.

The Dodgers came from behind three times to tie the score but in the 11th the Cardinals reached reliever Ron Perranoski for three straight singles and the tie-breaking run.

A crowd of 34,441 fans saw the prolonged contest and raised the Dodgers' home attendance 1,009, 132 in 33 home games, a major league record. The earliest a n y team previously had passed the million mark in home attendance was in 1948 when the Cleveland Indians set the milestone after 34 games.

Fishing Conditions

This is the beginning of a weekly fishing report to give anglers information of fishing conditions, which will appear every Thursday in The Desert Sun.

Salton Sea is having very good fishing. Sargo and Corvina are running, and other fish are fair.

In Santa Monica, bass fishing is reported good, halibut fishing is fair and skiff fishermen continue to pick up bass perch and a few small halibut near the breakwater.

In Redondo, bass fishing has been good and barracuda is fair.

Barge and pier fishermen have been taking perch, halibut and mackeral.

Reports say that fishing at Catalina is fair for yellow-tail, barracuda and white sea bass. Bluefin tuna are reported in the area also.

At Big Bear, fishing is slow to fair, with most catches being made with Dave Davis spinners, and still fishing with marshmallows.

South Lake, Sabina Lake and North Lake are all reported to be good over the weekend. Bishop Creek has been very good with rainbows up to 14 inches.

Seraphs' HRs Upset Athletics Pitcher

KANSAS CITY, Mo. (UPI) — The Los Angeles Angels wind up a three-game series against the Kansas City Athletics tonight with Bo Belinsky expected to go on the mound for the Angels.

Wednesday night's 5-1 victory for Los Angeles, with Ted Bowsfield getting credit for the win, was highlighted by a rhubarb in the fifth inning that saw Angel outfielder Leon Wagner, who hit a solo home run during the game, and losing pitcher Jerry Walker ejected from the game.

Wagner was hit by a pitch and walking to first threw his bat at Walker, but didn't hit him. Walker responded by throwing the into the crowd in front of Wagner and both teams' benches rushed to the field. No one was hurt.

Bob Rodgers hit a second-inning two-run homer to help the Angel effort. Walker allowed only three hits in five innings, but two were home runs and these were all the Angels needed to win.

Kansas City collected only seven hits, the same as the Angels, with Gino Cimoli getting the only extra base hit for the losers, a triple.

Big Game Ends in 3-3 Tie

Local fans were treated to a thrill packed evening of softball last night at the Polo Grounds as the Coachella Valley Sultans whipped the Telephone Company, 8-0, and Chuck's Welding was held to a tie by the Mexican Colony.

In the first game Cunningham, the Sultan's pitcher, spun a nifty no-hitter against the phone men, with his team providing ample battery support in notching another victory. His performance marks the best pitching job turned in so far this year in city circles.

In the Chuck's Welding-Mexican Colony game a strange ruling was invoked by field officials at the end of regulation play. When the seventh inning was completed, the score stood at 3-3, and the rule is no inning can start after 10:45 p.m., the umpires called the game a tie.

The officials explained that the reason for rules of this kind is to allow both games equal time on the field, and make no provisions for a tie, something which is non-existent in baseball.

The records will now show both teams tied.

Last night's action ended the first round of league play for Chuck's, with the Colony still scheduled for one more game, so it's likely that the round will end as a tie between the two teams for the lead.

\$130,000 IN PURSES

MONTICELLO, N. Y. (UPI)—A total of \$130,000 in purses will be offered during six nights of grand circuit harness racing at Monticello Raceway, July 9-14. Eight feature races for 2 and 3-year-olds, topped by the \$70,000 Excelsior Stakes No. 1 for 3-year-olds, will be presented.

Colt 45s KO Giants Pop Guns

Even Reliever Stu Miller Is Getting Lumps

SAN FRANCISCO (UPI)—When even relief pitcher Stu Miller goes bad, you know that the San Francisco Giants officials are in trouble.

The usually reliable "short man" on the hurling staff gave up four walks, two intentional, and a two run double in one inning Wednesday that broke a 5-5 tie and started the Houston Colts off on a 9-5 victory. As a result, the Giants still trail Los Angeles by two and a half games.

There will be no baseball today at Candlestick Park. And those wise guys in the back row who holler that there hasn't been any there of late anyway can either cut it out or turn in their Alvin Dark buttons.

After today's breather, the Giants open a three game stand against the Milwaukee Braves Friday night with Jack Sanford 7-6 listed to start against the crafty Lew Burdette 5-4.

Pro Football Player Is Reservist at 29 Palms

TWENTYNINE PALMS — The 2nd Light Antiaircraft Missile Battalion came close to landing the best football prospect on Base for the forthcoming season. Unfortunately for the Blackhawks' football team, but fortunate for the other teams, Pfc. Jack Mattox of "B" Battery, is a six months reservist and is scheduled to receive his release from active duty July 8 of this year.

But why is the 2nd LAAM foot-

ball coach shaking his head in despair?

What makes Pfc. Mattox the outstanding prospect for Base football that he is? Well let's take a look at his qualifications or references, which ever terminology you prefer. Looking back into his college days at Fresno State, Pfc. Mattox was a three year letterman in football and also lettered in track for throwing the discus. His college distinction came when he was voted into the conference all - star football team.

Following his graduation from college with a Bachelor of Arts degree in Physical Education, Pfc. Mattox was signed by the Dallas Cowboys of the National Football League in 1960.

In the spring of '61, Pfc. Mattox went to school to further his education and upon release from the Cowboys, was signed by the Denver Broncos of the new American Football League as a free agent on July 15, 1961.

During the 1961 season with the Broncos, Pfc. Mattox appeared in 13 of the teams 14 conference and four non-conference games.

With his statistics ranging at 6' 3", 245 pounds at game time the 23 year old pro-baller played of- fensive guard and tackle and de- fensive end.
